"Most of the indoor spaces have been designed to best capture panoramic views. The indoor spaces best connect with the outdoor spaces by maximising glazing throughout."

A grand, double-height entrance faces onto a sunlit courtyard offering views the sea. While sweeping contemporary glass balustrades on all terraces, will let residents feel as though they are aboard a luxury cruise as they gaze out over the spectacular sea views.

"This concept is purely horizontal and panoramic in nature, emphasising the visual connection to the view and towards the exterior landscape."

LOCI - ARCHITECT
